

DIAPHRAGM SEAL REPAIR

- ✓ Free Shipping
- ✓ Brand New Seals
- ✓ 1-Year Warranty

How it works:

Get started at: reotemp.com/sealrepair

- 1** E-mail a photo and description of assembly to insidesales@reotemp.com or head to reotemp.com/sealrepair and fill out the form.
- 2** REOTEMP will send a repair estimate along with shipping instructions and will coordinate a pickup at your location.
- 3** Upon receipt of the transmitter, REOTEMP will verify transmitter function and confirm the repair estimate.
- 4** The transmitter is fitted with a brand new diaphragm seal assembly and certified with NIST traceable calibration equipment. Typical turnaround is only 5 days!
- 5** The assembly is returned to the customer with a 1-Year Limited Warranty on the diaphragm seal system.

- ✓ Any Brand Transmitter
- ✓ Gauge Pressure Transmitters
- ✓ Level Transmitters
- ✓ Differential Pressure Transmitters
